from *The Four Streets* finds the community alive with rumours and gossip after the murder which rocked it to the core. “My name is Harriet Manners, and I am a geek.” The first two hilarious novels in the award-winning GEEK GIRL series - now available as a 2-book collection. High society was too much for her. One of the most popular storytellers of all time, V.C. Andrews (*Flowers in the Attic*, *My Sweet Audrina*) layers psychological suspense with seductive glamour in this provocative first book of the classic De Beers Family series. All that glitters isn’t gold.... Wealth. Extravagant parties. Celebrity status. These are the things Willow knew only in her wildest dreams—until now. After discovering deep family secrets in her adoptive father’s journal, she leaves behind her North Carolina college town and sets out in search of her birth family amid the high-class society of Southern Florida. Using an assumed name and pretending to conduct a study of one of the nation’s wealthiest communities, Willow takes the city by storm and quickly becomes entangled with Thatcher Eaton, a young lawyer who sweeps her off her feet. But as Willow spirals into a passionate love affair and becomes intoxicated with the lifestyle of the rich and famous, the dark truth about her birth family threatens her fancy new life, pushing her to the brink of insanity.... My name is Harriet Manners and I’ll be a geek forever... The FINAL book in the bestselling, award-winning GEEK GIRL series is here! National Book Award finalist Here is the unforgettable story of the Binewskis, a circus-geek family whose matriarch and patriarch have bred their own exhibit of human oddities (with the help of amphetamine, arsenic, and radioisotopes). Their offspring include Arturo the Aquaboy, who has flippers for limbs and a megalomaniac ambition worthy of Genghis Khan . . . Iphy and Elly, the lissome Siamese twins . . . albino hunchback Oly, and the outwardly normal Chick, whose mysterious gifts make him the family’s most precious—and dangerous—asset. As the Binewskis take their act across the backwaters of the U.S., inspiring fanatical devotion and

murderous revulsion; as its members conduct their own Machiavellian version of sibling rivalry, Geek Love throws its sulfurous light on our notions of the freakish and the normal, the beautiful and the ugly, the holy and the obscene. Family values will never be the same. Harriet Manners knows a lot about Christmas. She knows that every year Santa climbs down 91.8 million chimneys. She knows that Rudolph the red-nosed reindeer was almost definitely a girl. She knows that the first artificial Christmas trees were made out of goose feathers. But this Christmas is extra special for Harriet, because four days ago she had her first ever kiss. Now she just needs to work out what's supposed to happen next. The stunning conclusion to the mega fame-busting 11-13 trilogy from the multi-million bestselling author of GEEK GIRL. Party girl actress Mercy Valentine is nobody's hero and that's how she wants it. LOVE ME NOT is an eye-opening, heart-warming, darkly funny exploration of what it really means to be famous, and how to heal a broken heart. MODEL MISFIT is the sequel to award-winning No. 1 UK debut GEEK GIRL. My name is Harriet Manners, and I have always been a geek. The fourth book in the award-winning GEEK GIRL series. Harriet Manners knows many things. She knows that toilet roll was invented by the Chinese in 600 AD. She knows that a comet's tail always points away from the sun. And she knows that the average healthy heart beats 70 times per minute. Even when it's broken. But she knows nothing about making new friends at Sixth Form. Or why even her old friends seem to be avoiding her. And she knows even less about being a glittering supermodel success. Which she now

is apparently. Has Harriet's time to shine like a star finally arrived, or is she about to crash and burn?" "We want kids to feel about math the way they feel about dessert after dinner." —Laura Overdeck, *Time* magazine

The second sensational book in the Valentines series - a hilarious and heart-aching story about the impossible standards for being a girl. "My name is Harriet Manners, and I have always been a geek." The fourth book in the award-winning GEEK GIRL series. The Instant New

York Times Bestseller! A speculative thriller in the vein of *The Handmaid's Tale* and *The Power*. Optioned by Universal and Elizabeth Banks to be a major motion picture! "A visceral, darkly haunting fever dream of a novel and an absolute page-turner. Liggett's deeply suspenseful book brilliantly explores the high cost of a misogynistic world that denies women power and does it with a heart-in-your-throat, action-driven story that's equal parts horror-laden fairy tale, survival story, romance, and resistance manifesto. I couldn't stop reading." – Libba Bray, *New York Times* bestselling author *Survive the Year*. No one speaks of the grace year. It's forbidden. In Garner County, girls are told they have the power to lure grown men from their beds, to drive women mad with jealousy. They believe their very skin emits a powerful aphrodisiac, the potent essence of youth, of a girl on the edge of womanhood. That's why they're banished for their sixteenth year, to release their magic into the wild so they can return purified and ready for marriage. But not all of them will make it home alive. Sixteen-year-old Tierney James dreams of a better life—a society that doesn't pit friend against friend or woman against woman, but as her own grace year draws near, she quickly realizes that it's not just the brutal elements they must fear. It's not even the poachers in the woods, men who are waiting for a chance to grab one of the girls in order to make a fortune on the black market. Their greatest threat may very well be each other. With sharp prose and gritty realism, *The Grace Year* examines the complex and sometimes twisted relationships between girls, the women they eventually become, and the difficult decisions they make in-between. Introducing *The Valentines* – *Happy Girl Lucky*, the first book in the hilarious new romantic-comedy series by Holly Smale, author of the bestselling and critically acclaimed *Geek Girl* books. My name is Harriet Manners, and I will always be a geek. The fifth book in the bestselling, award-winning *GEEK GIRL* series. Harriet Manners knows almost every fact there is. have stomachs. She knows that fourteen squirrels were once detained as spies. She knows only one flag in the world features a building. And for once, Harriet knows exactly how her life should go. She's got it ALL planned out. So when love is in the air, Harriet is determined to Make Things Happen. If only everyone else would stick to the script.
